

NELSON COLLEGE

TE KURA TAMATĀNE O WHAKATŪ

Friday 8th December 2023

Kia Ora Nelson College Whānau,

As we approach the end of another memorable year, I wanted to take a moment to extend my best wishes to you and your whānau for a joyful Christmas and a happy festive season. It has been a year filled with challenges and triumphs, and we are grateful for the support and resilience of our incredible school community.

This year, we have witnessed the remarkable talents of our students, the dedication of our teachers, and the unwavering support from parents like you. It's truly heartening to see the collaborative spirit that defines Nelson College.

Although my time leading our school has been limited to the past term, I am filled with optimism for the forthcoming school year. Nelson College is a school that we can all be very proud of; its rich history, its support for diversity and positive relationships, its outstanding achievements both inside and outside the classroom, and its willingness to keep evolving and improving. As we reflect on the lessons learned in 2023, we are excited about the possibilities that lie ahead. Our commitment to providing a nurturing and enriching learning environment remains steadfast, and we are eager to continue working together to empower our students to reach new heights.

Education is a journey, and each year brings new opportunities for growth and discovery. In the ever-changing landscape of education, we embrace the challenges as opportunities to innovate and evolve. The resilience and adaptability of our students inspire us to continually enhance our teaching methods and programs, ensuring that Nelson College remains at the forefront of education excellence.

As we move into the festive season and the well-deserved summer break, I encourage you to take time to rest, recharge, and celebrate the moments of joy with your loved ones. Whether you are embarking on a summer adventure or enjoying a quiet holiday at home, I hope you find moments of relaxation and reflection.

Thank you for your ongoing support, trust, and partnership. Together, we have created a vibrant and caring community that values education as a cornerstone for a brighter future. May the coming year bring you and your whānau health, happiness, and success.

Merry Christmas, Happy Holidays, and a Prosperous New Year to you all!

Ngā mihi nui,

Tim Oughton
Acting Principal

- Scan the QR Code to download. Or
- Search "schoolbridge" on your mobile AppStore or PlayStore.

Once you have downloaded the app, you can sign in using your school account information. Please contact the school if you need help with your account details.

RUGBY: IMPORTANT UPDATE

In 2022, the Nelson Bays Rugby Union Council of Delegates (Club Representative Committee) started a move to take all age grade Rugby teams out of colleges with the intent to field club teams...

This move started with the under 14 grade this season. The motion put forward was “In 2023 only Member Rugby Clubs with a Junior and/or Senior Team registration to club rugby, with incorporated society or registered charitable status, will be able to enter teams into the Under 14 ‘Club Grade’.”

These criteria excluded Nelson College from entering U14 teams in the local competition. The Under 14 'Club Grade' was to be trialled and re-evaluated after this season. This resulted in a survey being completed by the Tasman Rugby Union as an “independent” body and then the Council of Delegates voting to accept that this seasons U14 trial was a success and moving to take all under 15 players into clubs for next season.

If this criteria remains, Nelson College will lose all grades to clubs in the next 3 years. Nelson College also surveyed our 2023 under 14 rugby players and families this year to hear their voice and found:

Parent Survey Findings:

- 64% of parents would have preferred their son to play for Nelson College U14 teams in 2023
- 63% of parents do not think clubs should retain U14 teams in 2024 onwards
- 77% of parents do not think clubs should take over all U15 teams in 2024 onwards
- 84% of parents do not think clubs should take over all U17 teams in 2024 onwards

U14 Players Findings:

- 72% of boys would have preferred to play for Nelson College U14 teams in 2023
- 80% of boys do not think clubs should retain U14 teams in 2024 onwards
- 90% of boys do not think clubs should take over all U15 teams in 2024 onwards
- 95% of boys do not think clubs should take over all U17 teams in 2024 onwards

So, in 2024, to honour what our community wants, Nelson College have decided to meet the requirement to become an official Rugby club and therefore welcome back teams in the U14 & U15 grades for the 2024 season. To do this we will be adding an U13 team under the Nelson College Rugby Club banner. As a club we will also welcome any boy to register for our teams regardless of what school they attend with the only exception being they cannot play in interschool fixtures.

To register your son, please click here [Nelson College-Nelson College \(sporty.co.nz\)](https://sporty.co.nz)

To our community

You may be aware that there have been many changes in age-grade rugby in our region over the last year. I wanted to write to you to bring you up to speed, and then explain what our rugby offerings are for your son in 2024 and beyond.

For the 2024 season The Nelson Bays Rugby Sub Union Council of Club Delegates have decided to exclude school teams from TRU competitions for both U14 and U15. This affects all colleges in our region however, as no other College has expressed an interest in entering teams, it is specifically designed to prevent Nelson College from entering teams. Marlborough Boys College will continue to be allowed to enter teams in these TRU competitions.

Our representatives have expressed the desire to enter these competitions, repeatedly, to the Council of Club Delegates. In survey's conducted by both Nelson College, and by the TRU, our community was overwhelming in their desire to play for their school. These expressed wishes were disregarded in the taking of the decision to make the U14 and U 15 club-only.

So, to conform to this decision, and to satisfy our community's desire to play for their school, we are going to become a rugby club. This will enable us to enter sides in all of the TRU competitions, including U14 and U15. It will also allow us to welcome our U15 players back to College. However, if you choose to continue to play for your previous club, that is your choice.

We have had very-high levels of interest in our Y10 Junior Rugby Class. To manage this demand we will require those that are in class to be registered and playing for the Nelson College Rugby Club. To register, click here [Nelson College-Nelson College \(sporty.co.nz\)](#)

We have also expanded our U14 and U15 Pathway programs. This will include increased coaching for Pathway players, including expanded skill development coaching. We have also expanded our interschool fixtures in 2024 for U14A, U14 Development, U1 SA and U15 Development, with games scheduled against the best schools in the South Island. These will occur on Wednesday afternoons and will require travel. We have also confirmed entry into the U14 Hurricanes Tournament and U15 South Island Tournament. Again, due to the high-level of demand to be part of our Pathway program it is required to be registered as a Nelson College Rugby Club player to take part. To register go click here [Nelson College-Nelson College \(sporty.co.nz\)](#)

We are always excited if caregivers and whanau want to get involved in helping the Nelson College Rugby program become better. There are many different way to become involved: coaching, management, fundraising, administration and governance. If you would like to become involved, please email Alethea Stove, se@nelson.school.nz.

A handwritten signature in blue ink, appearing to read 'Tim Oughton'.

Tim Oughton
Acting Principal

TABLOID SPORTS DAY

We had a great day negotiating various challenges such as:

The classic egg and spoon race, except with tennis balls, because we've all seen the price of eggs recently! The sack race, this one never gets old, particularly for the spectators! We even engaged in a good old fashioned tug-of-war and Nelson College staff faced off against students in the TOW to end all TOW's. Setting a wonderful example of how to win.....the adults beat the children! As we all know, the role of the teacher is to set an example and so staff members ably showed the children how to win, by beating them at their own game! Good sportsmanship prevailed and secretly, we would like to thank our students for letting us old-timers win!

Class Places

- 1st 10BW Robinson
- 2nd 10SG Kahurangi
- 3rd 9CB Domett

Houses:

- 1st Robinson
- 2nd Monro
- 3rd Kahurangi
- 4th Domett
- 5th Chaytor
- 6th Boarders

Social Studies (Reinventing Nelson)

Our social studies boys are causing quite a stir both in the media and out in the community. So much so, that they caught the ear of Mayor Nick Smith and were invited to Council Chambers to present their ideas. The Mayor received the presentation well and commented on how poised the boys were, how well they executed their presentation and particularly how well they handled some hard ball questions from attendees. He had a few of his own, and said that as he knew they would be able to answer the tough questions, he didn't go easy on them!

Deputy Mayor Rohan O'Neill Stevens was similarly impressed with the boys, expressing his congratulations on their commitment to their ideas and the confidence with which they imparted them. Special thanks must go to their teacher Richard Brudvik-Lindner who has brought them along on this incredible journey, introducing them to people who work in the professions they aspire to and helping to get their voices heard, by decision makers and community leaders.

Goodbye to Dr. Deborah Stuart (Sciences)

Before embarking on her teaching career, Deb ran a research lab in Dunedin where she worked in the field of stem cell research for spinal cord injury. Since 2017, Deb's been a solid member of our science department, taking a year off to work with not-for-profit House of Science to develop a series of science kits for Primary schools before returning to Nelson College.

Deb's driven by her love of the subject and her desire to instil a love of learning in students.

Thank you for all you have done for the students of Nelson College Deb. We wish you well in your next position, continuing to inspire enquiring minds as you teach Science to Year 7's and 8's at Nelson Intermediate. To our other staff members leaving. We hope you like the tributes paid to you by your friends and colleagues on 2023's Nelsonian.

Library

As the college library wraps up another year, we wish all our students and families a wonderful Christmas and happy holiday season.

If the cost of living is prohibiting you visiting the lake, bay or some other place, remember a good book can transport you to faraway lands for adventures and escapism. Some of our students are undertaking our "Fast Books" challenge and we're also offering the "Family Read" summer challenge where a student and a family member both read a book over the summer holiday and email a photo of them reading together to Library@nelson.school.nz by Feb 9th to be in the draw for a \$50 voucher prize.

NC Nourish

Some of our Year 10's have been helping out in the community and on-campus. Dan Mawdsley, Rorie Harbinson, Tom Hyde, Luka Martin, Carter Shuttleworth, Jimmy Bell and Maika Mackenzie have been busy sweeping, scrubbing and generally beautifying the grand old dame that is Nelson College as part of a programme to develop leadership skills.

In addition to this, these big hearted boys have been mucking in at The Environment Centre, helping out with the very modern and complex problem of E-waste and assisting the good folk down at Kai Rescue. The boys quickly learned that there is a real need in Nelson for the services Kai Rescue provide. Many families are living below the bread-line and with the cost of living crisis, it's little wonder.

They wanted to do something to help and so put their newly developed leadership skills to good use by rallying the troops. The boys spoke confidently and persuasively at assembly, encouraging their peers to give generously to the cause by either donating a food item or a gold coin for mufti day.

The results were phenomenal with over \$260 being raised on the day, in addition to the almost 20 boxes of food collected from students and staff. New World Nelson were quick to offer their support, tacking on an additional \$220 which enabled the boys to provide even more food. A shopping spree of the most

earnest kind ensued, and the boys set to work capitalising on the opportunity and picking practical and nutritious food for donation.

The big weigh-in at Kai rescue showed that together with New World, Nelson College donated 700 kilos of food to the local community.

We are so proud of these boys for pulling this amazing feat together. We are proud of them for their community spirit, for their compassion, their industriousness, their ability to network and work together as a team, and to deliver on a promise that will mean so much to so many. It was our pleasure to recognise their achievement where they each received a special award at assembly this week.

We're also glad we're not the only ones who noticed their good work. Click [HERE](#).

Ka pai to our kai boys. You did a good thing. A very good thing.

Congratulations!

Well done to the following winners who came away from our Vietnam and Cambodia fundraising raffle with some great prizes!

A. Selwood	Weekend bach getaway at Kaiteriteri
J. Campbell	Professional kitchen design plans
S. Moloney	Lynn Broughton Bush Bays Painting
B. Allen	Nina Davis Pottery Vase
C. Win	Gift hamper and Mad Butcher voucher

Sports Office Snippets

What a year it has been. 2023 sees us finish with 123 sports teams across 29 different sports. They have gone on 60+ trips as well as most playing in weekly competitions. Two more National events left and good luck to our Senior A Touch team who are travelling to Rotorua today for their Nationals and our athletics running in the NZSS Track & Field Nationals in Christchurch this weekend.

Thanks to everyone who has been a part of sport at Nelson College this year. Whether you were a coach, manager, parent helper, taxi driver, or cheerleader we appreciate you.

Volleyball

Our Year 10 A have had a great term of Volleyball, winning all the local and regional competitions. They then travelled to Dunedin a couple of weeks ago and placed 5th in the South Island Secondary Schools event. Congratulations to Maaka Hall who was named in the Tournament team. Our Year 9A team played some great volleyball as well, showing they were competitive with their Year 10 opposition. We look forward to seeing these boys develop next year. Thanks to coaches Dylan Wells and Harry Edwards. Thanks also to Dion Hall and Nicola Ouston who made the trip to Dunedin to look after the boys.

TSS Beach Volleyball

We had 10 teams compete in the Tasman Secondary Schools Beach Volleyball competition last Friday. Congratulations to our Year 9 pairing of Ollie Rooney and Hugo Koelble who upset our Year 10 pairing of Maaka Hall and Rihare Tanoa in the semi-final to secure a spot in the final against Waimea College. They then went on to beat them and take the overall win!! Well done boys.

Cricket

We fielded five teams across the grades this term. Our 1st XI are competitive in the Premier Men's competition. We have a team in 3rd grade supported by Wakatu Club and they have been doing really well. We thank Wakatu for coaching and supporting this team especially Greg DuFeu and William Moloney. We then have three teams in the College grade – a Year 10 team, a Year 9 team and a Boarders team. These boys have all been competing nicely in this grade with some great results.

We had four teams (out of the eight) compete in the Tasman Secondary School T20 tournament a couple of weeks ago. It was a great couple of days of good cricket for everyone. We then selected a 10A team and a 9A team to play against Marlborough Boys College. The 10A team lost to MBC all of last year, and were looking for revenge. They got this thanks to some great play by Noah Wiechern (62) and captain Yoshia Rodley (45).

Our Year 9A team have been busy with a trip to Blenheim to compete in the NZCT Regional Qualifier. They put in a solid performance and beat Marlborough Boys College. They then had to play Waimea College last week in the Regional Final. Another solid effort saw them win this game. This week the team are in Christchurch competing in the South Island Festival of Cricket. The game against Christ College doubles as the next game in the NZCT National qualifying game. Thanks to Mr Luke Toynbee who has been coaching this team this term. The boys have really improved through the term with the assistance of Luke and their Saturday coaches Tom Molnar, Nathan Gestro and David Morris. Thank you to everyone.

Mountain Biking

Congratulations to the students in our first Mountain Bike Academy class for completing the course. They have proven themselves capable of basic mechanical checks and use of tools. They also completed coaching sessions on cornering, jumping and conquered a grade 6 trail. All the best for a summer of shredding. We look forward to the next batch of year 10 students taking on the course next year.

Mountain Bike Academy has been in the works for a few years and finally got off the ground this year. This high participation sport has been popular at the college for years with some great student results in races as well.

Students had three lessons a week that focused on general sports science and one session a week that was mountain bike specific.

Students started out the course by getting a bit familiar with basic tools and checking over their bikes for ride worthiness. They got to grips with the "ABC" and "M Check" pre ride inspections.

Following this they showed their stuff on the trails for a few weeks before having a cornering and coaching session with Gravity Nelson. They got advice on line choice, body position and tips for generating speed.

After a few weeks of work and gradually increasing the difficulty of trails, students took their skills down the advanced grade 6 trail Lower Butters to put their cornering skills to the ultimate test.

A final coaching session from Gravity Nelson on jumping produced some spectacular air time. Well done to Finn, Rio, Lucas, Jake and Will for being a great first batch of students to have through Nelson college Mountain Bike Academy.

Ngā Pou

Credit where it's due! Well done to Mr. Cleary's homeroom DOCY on collecting the most ngā pou tokens. A whopping 300 acts of goodness, kindness and awesomeness were witnessed by staff around the school and tokens were administered to our Junior students accordingly. While Mr. Cleary's homeroom was the clear winner, honourable mentions must go to Ms. McKendry's homeroom which came next in the token sweepstakes, followed by Ms. Ruwhiu's homeroom in 3rd place.

NGĀ POU TOKEN

MANAAKI	<input type="checkbox"/>	➔
PONO	<input type="checkbox"/>	➔
KAIRANGI	<input type="checkbox"/>	➔

These random acts of 'being a good egg', inspired by living our school values ranged from caring for your mates, to caring for your environment, to everything in between, and as a reward, pizza was rightfully administered. Let's hope all this good behaviour has another kind of 'Domino' effect!

Wood Technology

Some of our Year 10's have been tackling the eternal problem of storage in their wood technology class and came up with some stylish, sustainable solutions.

Noah Weichern designed and created a multi-purpose storage box. Carter Shuttleworth designed and made a spice rack for some family friends that's sure to keep him in dinner invitations for the next year and Mattias Bower designed a toolbox for keeping your bike tools safe and tidy.

Meanwhile Year 9's were challenged to make a stag's head trophy that introduced them to a variety of joinery techniques requiring a high degree of accuracy and patience. The boys rose to the challenge and turned out some beautiful pieces.

Special mention to Lochy Morris who received top marks for accuracy and high-level finishing techniques and to Alex Merrilees, Angus Wiechern and Jasper Smith.

They say the craftsman makes two people happy. It's easy to see why!

Photography

Well done to Zac, Angus and Jack who came in tops at the PhotoLife Studios Ltd competition for which there were 18 entries. The theme was metal and these boys have done a wonderful job of capturing the qualities of light and texture.

The proud winner of the Fuji Film Instax Mini was Zac Jolly who'll be snapping his way through summer. Thanks to PhotoLife for supplying the prize.

Student Achievement

They may have gone, but certainly aren't forgotten!

Well done to (clockwise from top left) Ed Henderson, Ben Smith, Darcy Lawrey, Kees Mant, Sam John, Caden Cooley, Fenlon Bayley and Nick Peterson who all sat and passed 1st Year Micro Economics (econ 199) through the STAR programme at University of Canterbury.

This allows them to go straight into 2nd year in the subject. The course co-ordinator was impressed by the boys' results which ranged from B to an A+ which was achieved by our Dux Nick Peterson.

What a wonderful STAR-t to your lift at university!

Gym News

Barbells were swapped out for paint brushes last week as Health Teacher Mr. Glazier's gym guys rolled up their sleeves to give their favourite part of the school a lick of paint. The project unfolded over the course of four days with students doing the heavy-lifting to transform the walls to a nice shade of duck-egg blue! Mr. Glazier noted how hard the boys worked, showing great skill and commitment in caring for something that they love.

You might not have nailed the school colours boys, but we have to admit, it's looking pretty flash now!

Nelsonian

The Nelsonian is out! If your year was as great as ours, you probably don't need any more excitement in the form of this epic read. But on the other hand, there's no better way to keep up to speed with the gargantuan goings on at Nelson College than to immerse yourself in our iconic yearbook. Order your own hard copy for just \$20 + PP or browse the metaphorical corridors online. You choose!

Just like other schools, we'll be closed over the summer, so you'll have to be patient until we're back online in February to receive your copy.
